

GRAPHIC

GRAPHIC

Des lignes, des courbes, des rayures. Sans conteste la collection de papiers peints GRAPHIC est une collection qui a du caractère. Tels des orfèvres de la décoration, nous avons façonné chaque motif avec détail et précision. Pour cela, nous sommes inspirés du geste de l'artisan peintre qui travaille à la spatule une décoration graphique ou encore du volume audacieux des intérieurs les plus chics. Bien sûr, nous avons apporté notre patte : la chaleur du papier peint, la beauté d'une gamme réveillée de métallisé et la qualité d'un vinyle sur intissé sans phtalates. Tous les papiers peints sont faciles à poser et adaptés aux différentes pièces de la maison, du grenier à la cave, du salon à la chambre, de la cuisine à la salle de bain...

Lines, curves, stripes. Without doubt, our GRAPHIC wallpaper collection is a collection with character. Like decorative goldsmiths, we have crafted each design with detail and precision. We have taken our inspiration from the way a painter works with a spatula to create a graphic design, or from the bold volume of the most chic interiors. Of course, we have added our own touch: the warmth of wallpaper, the beauty of a range awakened by metallics and the quality of phthalate-free vinyl on non-woven. All the wallpapers are easy to hang and suitable for any room in the house, from the attic to the cellar, from the living room to the bedroom, from the kitchen to the bathroom...

Avant de poser, vérifier que votre colle soit adaptée au papier peint intissé.
Before hanging, check that your glue is suitable for non-woven wallcovering.

Le fond doit être sec, sain, propre, solide et normalement absorbant.
The surface must be dry, in good condition, clean, solid and slightly absorbent.

Si après la pose de 3 lés, vous constatez un problème, arrêtez immédiatement la pose. La pose de plus de 3 lés valant l'acceptation du papier peint.
If, after hanging 3 strips, you notice a problem, stop hanging immediately. Successful hanging 3 strips means the wallpaper is accepted.
